At approximately 4:30 p.m., 5/7/73, Daniel M. Armstrong, III, who was a member of Mr. Gray's staff while he was Acting Director, called Assistant Director Gebhardt on behalf of Mr. Gray. Mr. Gray recalled that (S) memoranda dated 7/5 and 6/72, [redacted] and these were maintained in one of Mr. Gray's safes. He asked Armstrong to endeavor to obtain from the FBI a copy of these memoranda, with, "of course the approval of Mr. Ruckelshaus."

In the late afternoon of 5/7/73, Section Chief R. E. Long and Supervisor C. A. Nuzum perused 3 boxes containing material which had been removed from Mr. Gray's safe on 4/27/73, and had been forwarded from Mr. Gray's Office to Mr. Felt's Office. Located in this perusal were two memoranda of possible pertinence to Mr. Gray's request. Neither of these two memoranda had been previously transmitted from Mr. Gray's Office to the Accounting and Fraud Section, General Investigative Division, which has supervised this case.

Remy memorandum 5/3/73 (attached) as to the distribution of the 25 copies of captioned study, recommending that various copies be retrieved and destroyed.

On 5/7/73, copies 1 and 25, previously charged to Mr. Gray, were retrieved from Mr. Felt's office. Copy 25 should be destroyed. Copy 1 contains Mr. Gray's original notations as to various aspects of this study and should be preserved in the file. Both are attached. Also retrieved from Mr. Felt's office was the "sanitized" version of this study which was furnished to Mr. Gray 8/9/72. It is attached as an enclosure to the original cover memorandum of transmittal (Ponder to Felt dated 8/9/72) as well as the original of a memorandum from Bud Krogh to Mr. Gray dated 8/3/72, captioned "FBI and Drug Enforcement" and Mr. Gray's pink routing slip instructing that a "sanitized" version of captioned study be prepared. These documents should be preserved in the file.

Of those matters charged to Mr. Gray, only copy number 9 is unaccounted for it having been furnished to Mr. Gray's office 7/28/72. In this regard, page 136 of copy 1, bears Mr. Gray's handwritten notation that a copy was sent to the Attorney General (AG) 7/31/72, under cover of an explanatory letter requesting he maintain "info" and discuss with no one other than Acting Director, FBI. The number of the copy furnished the AG was not identified but it could have been copy 9 since this copy was furnished Mr. Gray's office 7/28/72.

Copy 17, previously charged to Mr. Armstrong was retrieved, is attached and can be destroyed.

On 5/8/73, Ms. Herwig telephonically advised me she disposed of the copy she had (copy 18) last Monday or Tuesday (4/30 or 5/1/73) by placing it in the confidential trash.

Also attached is copy 22, obtained from Mr. DeBruler which also may be destroyed.

Re: MATERIAL MAINTAINED IN MR. GRAY'S OFFICE

"On 5/7/73, copies 1 and 25, previously charged to Mr. Gray, were retrieved from Mr. Felt's Office. Copy 25 should be destroyed. Copy 1 contains Mr. Gray's original notations as to various aspects of this study and should be preserved in the file. Both are attached. Also retrieved from Mr. Felt's Office was the 'sanitized' version of this study which was furnished to Mr. Gray 8/9/72. It is attached as an enclosure to the original cover memorandum of transmittal (Ponder to Felt dated 8/9/72) as well as the original of a memorandum from [redacted] to Mr. Gray dated 8/3/72, captioned 'FBI and Drug Enforcement' and Mr. Gray's pink routing slip instructing that a 'sanitized' version of captioned study be prepared. These documents should be preserved in the file.

"Of those matters charged to Mr. Gray, only copy number 9 is unaccounted for it having been furnished to Mr. Gray's Office 7/28/72. In this regard, page 136 of copy 1, bears Mr. Gray's handwritten notation that a copy was sent to the Attorney General (AG) 7/31/72, under cover of an explanatory letter requesting he maintain 'info' and discuss with no one other than Acting Director, FBI. The number of the copy furnished the AG was not identified but it could have been copy 9 since this copy was furnished Mr. Gray's office."

Here follows an inventory of that material remaining in this folder as of 5/8/73:

1. Note to the Director from W. Mark Felt 7/28/72.
2. Five typewritten pages entitled "Role of U. S. Border Patrol in the Suppression of Narcotics Traffic" 1/24/73, re Albuquerque, El Paso, San Antonio, Phoenix, and San Diego areas.
3. Newspaper clippings.
4. Draft memo to Mr. Mark Alger from the Acting Director, FBI, 1/26/73, together with DO-6 to Mr. Felt and handwritten notes (of Mr. Gray).
5. Two copies of a letter to Mr. Mark Alger from Mr. Gray, 1/27/73, dealing with "Narcotics Enforcement" with file copy and a note of Mrs. Neenan concerning distribution.
6. Six pages of handwritten notes.
7. Original of T. J. Emery memo to Mr. Cleveland, 8/31/72, together with original of A. J. Decker memo to Mr. E. S. Miller, 8/24/72, a copy of

I have in my office at the present time two boxes of material which was delivered to my office on 4/27/73 upon Mr. Gray's resignation. The material consists of numerous items, such as memos with accompanying studies, which were prepared by various divisions. This material was inventoried by the Director's office prior to delivery to my office. Section Chief Tom Smith of your division previously reviewed this material and took certain of same which had been prepared in your division.

In order to maintain the continuity of this inventory, I would like Tom Smith to review the remaining material. In doing so, he should send it to the division involved with instructions that the division in turn should advise him of the disposition of same. None of the material is to be destroyed until it is cleared by my office. Upon final disposition, whether it be filed, destroyed or what have you, an appropriate notation should be made by Tom Smith on the master inventory sheet previously prepared by the Director's office. Upon completion of the project, this master inventory sheet should be filed so that we will have a ready reference with regard to material which Mr. Gray's office made available upon his resignation.

July 17, 1972--61 reports delivered by SA to Assistant Director Charles W. Bates for delivery to Mr. Gray's office at FBIHQ. b6 b7C

September 13, 1972--10 reports delivered to Mrs. Neenan by SA Charles A. Nuzum.

The following items taken from Mr. Gray's office, 4/27/73, upon his resignation, relate to the General Investigative Division. Much of the material should be processed for filing. Some of it, such as special studies, summaries, etc., which were used for briefing of Mr. Gray, may be of further use in briefing the current Acting Director or his successor and should therefore be maintained for possible future use. Some of the material could possibly be destroyed because it is either duplicative of material already in Bureau files, or because it is outdated or has no historical or other value to the FBI. However, none of the material is to be destroyed until it is cleared by my office.

Section Chief T. J. Smith is coordinating the disposition of the material, whether it is filed, maintained for future reference or use, or destroyed. In order for the permanent records to be accurate, he must know what disposition is made of every item taken from Mr. Gray's office so that an appropriate notation can be made on the master inventory sheet previously prepared by the Director's office. Upon completion of the project, this master inventory sheet will be filed so that we will have a ready reference with respect to material which Mr. Gray's office made available upon his resignation.

The following items taken from Mr. Gray's office, 4/27/73, upon his resignation, relate to the Special Investigative Division. Much of the material should be processed for filing. Some of it, such as special studies, summaries, etc., which were used for briefing of Mr. Gray, may be of further use in briefing the current Acting Director or his successor and should therefore be maintained for possible future use. Some of the material could possibly be destroyed because it is either duplicative of material already in Bureau files, or because it is outdated or has no historical or other value to the FBI. However, none of the material is to be destroyed until it is cleared by my office.

Section Chief T. J. Smith is coordinating the disposition of the material, whether it is filed, maintained for future reference or use, or destroyed. In order for the permanent records to be accurate, he must know what disposition is made of every item taken from Mr. Gray's office so that an appropriate notation can be made on the master inventory sheet previously prepared by the Director's office. Upon completion of the project, this master inventory sheet will be filed so that we will have a ready reference with respect to material which Mr. Gray's office made available upon his resignation.

Re Mr. Felt to Mr. Marshall memorandum of 5-25-73,
captioned as above, which is attached.

The above-mentioned memorandum listed the Briefing Book and Case History Book as being among items taken from Mr. Gray's office upon his resignation. Upon instructions from Mr. Gray, the Crime Research Section of the former Crime Records Division originated these two projects and had the responsibility of keeping these books up-to-date.

The Correspondence and Crime Research Section has been asked to determine the disposition of this material. These books have been reviewed to determine which material should be destroyed, sent to file, or retained for research purposes.

All memoranda designated by Mr. Gray for these books were Xeroxed, and the originals subsequently sent to file. There are no original memoranda in either of these books which should be sent to file. The only original material consists of summary write-ups prepared from data already in Bufiles in response to specific questions by Mr. Gray. There is no need for this material to go to file.

BRIEFING BOOK

The Briefing Book consists of four parts:

Part I -- Fiction and Fact. This section contains allegations against the Bureau and appropriate rebuttals pertaining to various areas of controversy, such as the Berrigan case, the Princeton Conference, wiretapping, aircraft hijackings, etc. This material is of possible future value for research purposes and should be retained in the Correspondence and Crime Research Section.

Malmfeldt to Marshall Memo

RE: INVENTORY OF MATERIAL TAKEN FROM

Part II -- FBI Position on Matters of Current Interest. This section sets forth the Bureau's position on such areas as amnesty, gun control, the drug problem, Special Agent recruitment, and personnel turnover. This material should be retained in the Correspondence and Crime Research Section for research purposes.

Part III -- Questions and Answers. This section contains 55 questions and answers prepared for Mr. Gray's personal use in responding to news media inquiries. They serve no research or historical purpose and should be destroyed.

Part IV -- Special Items of Interest. This section, over 500 pages in length, contains primarily copies of background memoranda prepared at the request of Mr. Gray and his staff for briefing on topics such as Weatherman fugitives, urban guerrilla warfare, Governor George Wallace shooting, and the Southern Airways hijacking. The originals of these memoranda are already in file. Copies of other background material in this section were retained by Divisions preparing it. Pending confirmation of a permanent Director, the potential need for this material still exists and it should be maintained by the Correspondence and Crime Research Section on a temporary basis for possible briefing purposes at a later date.

It is noted that extra copies of the Briefing Book were maintained by Ms. Herwig, Mr. Felt, Mr. Herington, and Mr. Heim. It is recommended that all of these copies be destroyed.

CASE HISTORY BOOK

The Case History Book contains items reflecting FBI cooperation with other law enforcement agencies and examples of investigations in which FBI efforts were lauded. It consists primarily of letters we received from various individuals expressing appreciation for our cooperation or investigative work.

Malmfelde to Marshall Memo

RE: INVENTORY OF MATERIAL TAKEN FROM
MR. GRAY'S OFFICE, 4-27-73, UPON
HIS RESIGNATION

This book was initiated at Mr. Gray's request in order that we might have a ready reference to back up our position of cooperating with all law enforcement agencies, and to cite examples of outstanding FBI work. The Case History Book will be of future research value and should be maintained in its entirety in Correspondence and Crime Research Section. We should also continue to add material to this book as it is received.

RECOMMENDATIONS

(1) That Parts I, II, and IV of the Briefing Book, along with the Case History Book, be maintained in the research files of the Correspondence and Crime Research Section.

Done, RSD 5/7/73

(2) That Part III of the Briefing Book be destroyed.

Among items taken from Mr. L. P. Gray, III, Office 4/27/73 upon his resignation was a folder labeled "National Conventions, Miami Beach - 1972 - OC."

In reviewing the contents of this folder 6/14/73, it was discovered that some of the material in the folder was unrelated to the national conventions. This consists of three pages of unlabeled original typing which obviously relates to the investigation of the Watergate burglary. Attached to these three pages is a 5x8 sheet labeled "Calls from Dahlberg Electronics, Inc." Listed were telephone calls to 1) Finance Office of Committee to Reelect the President, 2) Mr. Mardian's Office (former Assistant Attorney General) at Committee to Reelect the President, and 3) Committee to Reelect the President.

Inasmuch as this material is not related to the folder in which it was found and since it appears to relate to the Watergate investigation, it should be forwarded to the General Investigative Division for evaluation and disposition. Should it be destroyed, a memo should be prepared to record disposition under caption of "Inventory of Material Taken from Mr. Gray's Office, 4/27/73, upon His Resignation." The material is attached hereto.

ACTION:

That the attached material relating to the Watergate investigation be routed to General Investigative Division for evaluation and disposition.

ATTITUDE AT COMMITTEE:

At initial stages of investigation, attitude was that FBI was conducting "whitewash" investigation; that had FBI and not MPD caught MC CORD, ET AL, in act, the matter would have been quashed at that time; and that "cover up" was further substantiated by subsequent requirement that committee attorneys be present during interviews.

Current attitude at committee is one of "panic" and that FBI is conducting in-depth investigation:
